TEMA

TEMA, versatile single and double elements and poufs for the living or business area. By combining several basic elements with a special swivel fitting there arise various possibilities: a generous sofa, a corner suite or even a comfortable double bed. (Design J. Nees)

TECHNICAL DATA

Width 200cm

Depth 105 / 118cm

Height 78cm

Seat width 100cm (2x)

Seat depth 58cm

Seat height	40cm
Deck height	40cm
Lying surface	118 x 200cm
Back	The backrests of the single and double elements are foldable and can be adjusted into several positions.
Cover	Diverse choices of fabrics, microfiber, imitation leather or leather.
Frame	The base is made of MDF, painted in L70 - black as standard (other paints available). The frame structure is made of beech wood and wood materials. There are movable elements with castors and fixed elements with wooden feet.
Upholstery	High-quality polyether with a cover of nonwoven fabric to protect the underside of the cover fabric.
Function	The backs of the single elements and the separate backs of the double elements are multiply adjustable. Due to connecting fittings, several elements can be combined. In this context, we recommend to use a fixed element with wooden feet as base.
