SCOTT

Due to its modular construction SCOTT is usable in various different living situations and is perfectly adaptable to your surroundings. As a corner suite it offers comfortable seating to your guests. The movable extension provides a spacious lounging space and in combination with the pouf SCOTT becomes a comfortable sleeping space. Additional armrests, cushions and three different underframes can be used to create the sofa of your choice. (Design C. Heck)

TECHNICAL DATA

Width 215cm

Depth 215cm

Height 82cm

Seat width 205cm

Seat depth	54cm
Seat height	40cm
Deck height	40cm
Lying surface	155 x 205cm (with stool)
Armrest width	66cm
Armrests	Armrest can be assembled subsequently.
Cover	Diverse choices of fabrics, microfiber or imitation leather.
Accessories	Stool (optionally with castors).
Frame	The frame structure is made of beech wood and wood materials.
Upholstery	High-quality polyether with a cover of nonwoven fabric to protect the underside of the cover fabric. Springing of Bonell spring core.
Function	Due to a special fitting, the flexible element of the sofa can be turned to the fixed seat. The gap can be filled by a suitable stool in order to create a sleeping area. Thanks to fittings sofa and stool are fixable.
