FERTIG

since 1892

RIGA

RIGA does not show its functionality but its flexibility has no limits: swivel seats, adjustable armrests and singly adjustable backrests with relaxing function. Due to the combination of these functions RIGA can either be a classical sofa or an ideal relaxing space. Legs made of wood or metal or optionally as metal slides. (Design Franz Fertig)

TECHNICAL DATA

Width 200cm

Depth 105 / 115cm

Height 85cm

Seat width 164cm

Seat depth	53cm
Seat height	41cm
Deck height	41cm
Lying surface	90 x 200cm (2x)
Feet	Choice between wooden legs, chrome legs or chromed skids.
Armrests	The multiple adjustable armrests are integrated into the seat.
Cover	Diverse choices of fabrics, microfiber, imitation leather or leather.
Frame	The frame structure is made of beech wood and wood materials.
Upholstery	High-quality polyether with a cover of nonwoven fabric to protect the underside of the cover fabric. Springing of hard-wearing straps.
Function	The integrated armrests are multiply adjustable and the seat elements can be separately turned by 90 degrees. In order to lower the seat depth, the upper third of the backrests can be folded forward. The separately adjustable backrests can be folded backward by 30 degrees (Riga) or completely to offer a sleeping position (Riga-XL).
