FOX

A convertible armchair with an innovative mechanism and three alternative cushions: straight back cushion with or without decor stitching and corner cushion. Simple but convincing: Solid beechwood extensions allow the armrests to be pulled out and lowered, either on one side to create a lounger or on both sides to form a bed. The armrests can be blocked in the horizontal position. Sleeping on normal bed height. (Design V. Laprell, T. Althaus)

TECHNICAL DATA

Width 96cm

Depth 86cm

Height 83cm

Seat width 70cm

Seat depth	55cm
Seat height	44cm
Deck height	44cm
Lying surface	80 x 196cm
Armrests	The armrests are locked in the relax and sleep position.
Cushion	Different choices of cushion shapes.
Cover	Diverse choices of fabrics, microfiber, imitation leather or leather.
Frame	Beech wood legs, optionally stained or painted. The frame structure is made of beech wood and wood materials.
Upholstery	High-quality polyether with a cover of nonwoven fabric to protect the underside of the cover fabric. Springing of hard-wearing straps.
Function	The armrests are extendable either on one side to create a recamiere or on both sides to create a lounger. If converted, the armrests can be locked.
